

GAME CONTROLLER

NSJ-441B

- Compact design easy to carry
- Force feedback triggers
- Interchangeable D-pads
- Dual mode triggers
- External or built-in battery

NSJ-437B

- 6 extended buttons
- Dual mode trigger button with sensitive analog POT trigger and tact switch
- Customizable programmable mapping and macro functions
- Adjustment RGB breathing functions
- Motion sensor with Gyroscope aiming
- Sensitivity adjustment of turbo, vibration and two mini-stick
- Unique RGB lighting effect designs can be customized for OEMs
- Optional : Replacement mini stick set, Hall sensor mini sticks, Hall sensor triggers

NSJ-438B

- Hall sensor triggers
- Mechanical micro switch D-pads
- Adjustable instant triggers via toggle switch
- Interchangeable D-pads, 4 extended buttons
- RGB breathing light

NSJ-435B

- Hall sensor triggers
- RGB breathing light
- 3.5mm headset function

NSJ-434B

- Hall sensor triggers
- RGB breathing light

NSJ-434G 2.4GHz wireless multi-platform
NSJ-434W Wired multi-platform

NSJ-431B

- POT triggers
- 2 extended buttons
- RGB lighting design
- Interchangeable D-pads

NSJ-436B

- Hall sensor triggers and mini sticks
- 4 extended removable buttons
- RGB breathing light

NSJ-408B

- Hall sensor triggers
- Storage for receiver
- Interchangeable D-pads
- Optional: mobile holder, extend buttons

NSJ-433B

- Hall sensor triggers
- RGB breathing light

NSJ-415B
NSJ-415MB

- Hall sensor triggers
- 4 illuminated action buttons
- Optional : mobile holder, Replacement mini stick set, 2 extended buttons

NSJ-422B

- Hall sensor triggers

NSJ-364B

NSJ-412B

- Bluetooth wireless, available for 6-10m working range
- Six-axis motion sensor (for bluetooth ver.)
- System button : +, -, turbo, photo and Home
- Built in Li-ion battery with Type-C charge cable
- Dual motors for vibration function
- Optional : Addition dongle for Dual wireless

NSW, X-Input, PC, P3, Android, iOS
NSW SERIES

P5J-421B

- Hall sensor triggers and mini sticks
- 4 extended buttons
- Touch pad, motion sensor, speaker function
- Adjustable RGB breathing light
- Adjustable turbo and vibration function
- Anti-slip, sweat-resistant gripping surface
- Built in Li-ion battery

P5J-439B

- Hall sensor triggers and mini sticks
- 4 metal extended paddles
- 2 metal interchangeable D-Pads
- Mechanical micro switch buttons
- Adjustable RGB breathing light
- Built in Li-ion battery

P5J-440B

- Hall sensor triggers and mini sticks
- 2 extended buttons
- Adjustable RGB breathing light
- Built in Li-ion battery

P5J-432B

- Compatible with P5, X-Input, Android, iOS via cable for PC
- Hall sensor triggers and mini sticks
- 2 extended buttons
- Adjustable RGB breathing light

P5J-432G

P5J-430G

Wireless Multi-platform 8 in 1

- Hall sensor triggers

P5J-430B

- Compatible with P5, X-Input, Android, iOS via cable for PC
- Hall sensor triggers and mini sticks
- Adjustable RGB breathing light

P5J-432W

- Wired connection for P5/PC
- Hall sensor triggers
- 2 extended buttons

P5C-901

Charging Dock for P5 controller

- 6-10m working range
- Touch pad, six-axis motion sensor, voice function
- Light bar indicator
- System button : Options, Share, Home
- Built in Li-ion battery with Type-C charge cable
- Dual motors for vibration function
- 3.5mm headphone jack

P5 SERIES

P4J-439B

- Hall sensor triggers and mini sticks
- 4 metal extended paddles
- 2 metal interchangeable D-Pads
- Mechanical micro switch buttons
- Adjustable RGB breathing light
- Built in 800mAH Li-ion battery

P4J-421B

- Highly sensitive hall sensor triggers
- 4 extended buttons
- Adjustable RGB breathing light
- Adjustable turbo and vibration function
- Anti-slip, sweat-resistant gripping surface

P4J-440B

- Highly sensitive hall sensor triggers
- 2 extended buttons
- Touch pad, motion sensor, speaker function
- Adjustable RGB breathing light

P4J-432B

- Hall sensor triggers
- 2 extended buttons
- Adjustable RGB breathing light
- With speaker (optional)

P4J-430B

- Hall sensor triggers
- Adjustable RGB breathing light
- With speaker (optional)

P4J-387B
P4J-387W

- Hall sensor triggers
- 4 extended buttons

P4J-414B

- Hall sensor triggers
- 2 extended buttons
- Interchangeable D-pads
- Optional : Replacement mini stick set

P4J-366B

- Via cable for PC
- Built in 600mAH Li-ion battery

P4J-413B

- Bluetooth wireless, available for 6-10m working range
- Touch pad, six-axis motion sensor, voice function
- Light bar indicator
- System button : Options, Share, Home
- Built in Li-ion battery with Type-C charge cable
- Dual motors for vibration function
- 3.5mm headphone jack

P4, NSW, X-Input, PC, P3, Android, iOS
P4 SERIES

NSJ-441B

- Compact design easy to carry
- Force feedback triggers
- Interchangeable D-pads
- Dual mode triggers
- External or built-in battery

NSJ-434G

NSJ-435G

NSJ-415B

- Hall sensor triggers
- 4 illuminated action buttons

NSJ-415MG

- Hass sensor triggers
- Headset function
- 2 extened buttons

- Multi-Functional wireless compatible with NSW, PC D/X-Input, Steam, P3, Android
- 2.4GHz wireless for about 6m working range
- Dual motors for vibration function
- Built in Li-ion battery
- Hall sensor triggers
- Optional : Hall sensor mini sticks

NSJ-422G

XIJ-363G
ANJ-363G

- Analog POT triggers

- External battery

XIJ-356G
ANJ-356G

XIJ-424G
ANJ-424G

- External or built in battery

PCJ-424TG

- Twin player wireless
- External battery

XIJ-354G
ANJ-354G

XIJ-35342
ANJ-45342

XIJ-330G
ANJ-330G

XIJ-331G
ANJ-331G

- Multi-Functional wireless
- Compatible with PC D/X-Input, Steam, P3, Android
- 2.4GHz wireless for about 6m working range
- Dual motors for vibration function
- Built in 400mAh Li-ion battery

PC, X-Input, P3, Android
MULTI WIRELESS PLATFORM

NSJ-435W

- Hall sensor triggers
- RGB breathing light

- Multi-Functional compatible with NSW, PC D/X Input, Steam, P3
- Dual motors for vibration function
- Optional : Hall sensor mini sticks

NSJ-434W

- Hall sensor triggers
- RGB breathing light

XIJ-422W

- Hall sensor triggers

- Entry Multi-Functional compatible with PC D/X Input, Steam, P3
- Dual motors for vibration function

XIJ-359W

XIJ-401W

- Analog POT triggers

XIJ-356W

XIJ-362W

XIJ-316DW

- Multi-Functional wired gamepad
- Standard 1.8m cable
- Plug and Play
- Dual motors for vibration function
- A OTG adaptor are required for Android device

PC, X-Input, P3, Android
MULTI WIRED PLATFORM

N2J-435W

N2J-435B

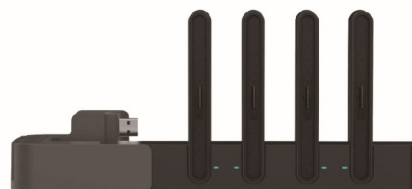

N2J-434B

- Support C buttons function
- Hall sensor triggers
- RGB breathing light
- 3.5mm headset function
- Motion sensor, vibration functions

N2C-901
RGB Charging Station

- Colorful light for charging status indicators
- RGB LED lighting effect adjustment
- Charging 4 Joy-con at the same time
- Type-C input, support original AC adapter

N2C-902
Charging Station

- Charging 4 Joy-Con2 simultaneously
- Storage design
- Type-C input, support original AC adapter

N2C-001
RGB Video Converter Dock

- HDMI video converter
- Cooling Fan function
- RGB Colorful with lighting effect adjustment

Mini Handle Grip

Controller Steering Wheel

Carry Case

- Store console, game cards and charging equipment
- Soft, wear-resistant, anti-fall, anti-scratch

Store Bag

- Store console, adapter, controller, game cards etc

Console Charging Stand

Tempered glass film

Protective Case
Various materials :
PC / TPU / Silicone

** Available in single or multiple value kits in various packages.
Material specifications depend on market demand, please
discuss your requirements with us.

NSW 2 SERIES

X3J-434G

- Compatible X360 Series, PC, X-Input, Android, P3
- 2.4GHz wireless
- RGB breathing light with adjust mode
- Hall sensor triggers
- Headset function
- Built in lithium battery

X3J-434W

- Multi 8 in 1 compatible X360 Series, P4, X-Input, NSW, Stem, Stem deck, P3, Android
- RGB breathing light with adjust mode
- Hall sensor triggers
- Voice function for P4, X360, NSW, X-Input, Steam
- Standard 1.8m cable

X3J-415G

- Compatible X360 Series, PC, X-Input, Android, P3
- 2.4 GHz wireless, available for 6m working range
- Hall sensor triggers
- 4 illuminated action buttons
- RGB LED indicator
- Built in lithium battery
- Optional : Replacement mini stick set

X3J-415W

- Compatible X360 Series, PC, X-Input, P3
- Hall sensor triggers
- 4 illuminated action buttons
- RGB LED indicator
- Standard 1.8m cable

415MG

- Headset function
- 2 extended buttons

X3J-364G

- Compatible X360, X-Input PC, P3, Andorid
- 2.4GHz wireless
- Analog POT triggers

X3J-401W

- Compatible X360, X-Input, PC
- Analog POT triggers
- 1.8m cable

X3J-422W

- Compatible X360, X-Input, PC
- Hall sensor triggers
- Headset function
- 2.2m cable

X1 SERIES

XOJ-415G

- Compatible X1, X1 Series, X-Input
- 2.4 GHz wireless
- Hall sensor triggers
- 4 illuminated action buttons
- Headset function
- Optional : Replacement mini stick set, extended buttons

The demand for X1 series depends on the supply and demand mechanism of the IC market. Please discuss your requirements with us.

- System button : Back, Menu, Home with turbo function
- Dual motors for vibration function
- Plug and Play

X1 or X360, PC, X-Input, P3, Android
XB SERIES

ANJ-346B

ANJ-401B

- POT Analog Triggers

ANJ-378B

ANJ-356B

ANJ-301B

NSJ-411B

- Multi-platform for Android, iOS, NSW, P3, X-Input
- External mobile phone holder
- Dual motors for vibration function

NSJ-364B

- POT Analog Triggers

NSJ-415B

- Hall sensor triggers

- Bluetooth wireless, available for 6m working range
- Built in lithium battery
- System button : Back, Start, Menu
- Support Android system 6.0 or above for compatible with mobile phone, tablet pc, smart TV, STB

Android
MOBILE DEVICE

SIMPLY THE BEST

Since 1989, Fortune Power has been a leading manufacturer of cutting-edge PC and video game accessories.

We offer a wide range of in-demand products and a comprehensive service package, including design, prototyping, testing, manufacturing, packaging, and post-production support. This one-stop shop approach provides our customers with faster time-to-market and access to advanced technologies, giving them a competitive edge.

Join the world's leading brands and partner with Fortune Power.

PROFESSIONAL . INNOVATION . RELIABLE
