

GAME CONTROLLER

NSJ-437B

- 6 extended buttons
- Dual mode trigger button with sensitive analog POT trigger and tact switch
- Customizable programmable mapping and macro functions to meet personalized gaming needs
- RGB breathing has adjustable lighting effects, colors, brightness functions
- Sensitivity adjustment of turbo, vibration and two mini-stick
- Motion sensor with Gyroscope aiming
- Built in 700mAh lithium battery
- Unique RGB lighting effect designs can be customized for OEMs
- Optional : Replacement mini stick set, Hall sensor mini sticks, Hall sensor triggers

NSJ-433B

- Hall sensor triggers
- RGB breathing light

NSJ-435B

- Hall sensor triggers
- RGB breathing light

NSJ-434B

- Hall sensor triggers
- RGB breathing light

NSJ-434G 2.4GHz wireless multi-platform
NSJ-434W Wired multi-platform

NSJ-431B

- POT triggers
- 2 extended buttons
- RGB lighting design
- Interchangeable D-pads

NSJ-436B

- Hall sensor triggers and mini sticks
- 4 extended removable buttons
- RGB breathing light
- Optional : 4 replaceable action buttons

NSJ-408B

- Hall sensor triggers
- Storage for receiver
- Interchangeable D-pads
- Optional: mobile holder, extend buttons

NSJ-415B
NSJ-415MB

- Hall sensor triggers
- 4 illuminated action buttons
- Optional : mobile holder, Replacement mini stick set, 2 extended buttons

NSJ-364B

NSJ-4363B

NSJ-412B

NSJ-422B

- Hall sensor triggers

NSJ-422G

- 2.4GHz wireless multi-platform
- Optional : motion sensor

NSJ-420B

NSJ-419B

- Bluetooth wireless, available for 6-10m working range
- Six-axis motion sensor (for bluetooth ver.)
- System button : +, -, turbo, photo and Home
- Built in lithium battery with Type-C charge cable
- Dual motors for vibration function
- Optional : Addition dongle for Dual wireless

NSW, X-Input, PC, P3, Android, iOS
NSW SERIES

P4J-421B

- Highly sensitive hall sensor triggers
- 4 extended buttons
- Adjustable RGB breathing light
- Built in 1000mAh lithium battery
- With speaker (optional)
- Adjustable turbo and vibration function
- Anti-slip, sweat-resistant gripping surface

P4J-432B

- Hall sensor triggers
- 2 extended buttons
- Adjustable RGB breathing light
- Built in 1000mAh lithium battery
- With speaker (optional)

P4J-414B

- Hall sensor triggers
- 2 extended buttons
- Interchangeable D-pads
- Optional : Replacement mini stick set

P4J-430B

- Hall sensor triggers
- Adjustable RGB breathing light
- Built in 1000mAh lithium battery
- With speaker (optional)

P4J-413B

P4J-387B
P4J-387W

- Hall sensor triggers
- 4 extended buttons

P4J-366B

P5 SERIES

P5J-430G

- Wireless technology
- Hall sensor triggers
- Adjustable RGB breathing light
- Touch pad, motion sensor, speaker function
- Built in 1000mAh lithium battery

P5J-432W

- Wired connection
- Hall sensor triggers
- 2 extended buttons
- Adjustable RGB breathing light
- Option : Touch pad, motion sensor, speaker

- Bluetooth wireless, available for 6-10m working range
- Touch pad, six-axis motion sensor, voice function
- Light bar indicator
- System button : Options, Share, Home
- Built in lithium battery with Type-C charge cable
- Dual motors for vibration function
- 3.5mm headphone jack
